Varsha Phal

The sun transits one circle of 360 degrees of the zodiac in a whole year. To analyse the results for a specific year of your life, a horoscope is cast for the time when the Sun in transit reaches exactly where it was at the time of your birth. This horoscope is used to predict events and foretell your life for that particular year. The annual or progressed horoscope is similar to that of the Siderial Solar Return chart in Western Astrology.

Varshaphal is also known as the Tajaka or Tajik system of astrology. Of the many writers, Nilakanta and Kesava are the two great authors who have written elaborately on the Tajik system.

The annual horoscope analysis and predictions given here are based on the principles of the Tajik system. The point called Varshapravesh, is the entry into the new year and has great significance. This is calculated as per the elaborate methods suggested in the ancient texts. The day of the week of your birth, is also considered for Varshapravesh. Apart from the ascendant in the annual chart, called Varsha Lagna other important influences analysed are that of the Muntha, the Lord of Muntha and the Lord of the year.

There are wide differences in rules, for judging a horoscope under the Parasara system and the Varshaphal. The set of rules for aspects and combinations in the two systems are distinct. The strength of the planets are ascertained by Panchavargiya Bala rather than Shadbala, as in the Parasara system.

In the foregoing analysis, you can see that the effects of various factors are sometimes contradictory and at times reinforcing. While some unfavourable influences are neutralised by favourable factors, often you will experience all these at least partially at sometime during the year. An overall judgement of the year ahead is given at the end of each annual forecast.

Please remember that the Varshaphal period covers an entire year from the day of Varshapravesh, which is approximately from one birthday to another.

The predictions given here are indications of the fortunes ahead and you can surely surmount any hard times, by your diligence, will-power and the grace of God.

The placement of Muntha in the eighth house is a forewarning of ailments to a near or dear one. Pay heed to any symptoms that may come your way. Do consult a doctor early enough. Be careful while travelling or while handling sharp objects and weapons. You may not have much luck with finances. Avoid any fruitless endeavours as they will only lead to loss of confidence. You may have to travel to faraway places. However hope and prayer should help you through the year without much harm. Meditation could help soothen your nerves.

The lord of the house where Muntha is placed is called Munthesh, the Lord of Muntha. The effect of Munthesh is only secondary to that of Muntha.

It is important to note that in your annual chart, the Muntha as well as the Lord of Muntha are in unfavourable positions. The malefic effects are therefore reinforced.

Lord of Muntha is in the eighth house. For you, this year could bring you some health problems. You may have to take a nice break to recoup yourself away from your professional or household demands. Moon is the lord of the year and is strong. This year will improve the income levels of your family and may even help gain some wealth. Your family will keep you happy. You will be a popular woman among your family and friends. There can be a rise in your position at work or in some socio-cultural organisation where you are actively involved. You could dominate over those you considered your opponents. And something you desired could be coming true, this year.

Birth Lagna

The position of birth lagna in relation to varsha lagna has special significance.

Birth lagna is the annual seventh house. Over the next few months, you could be part of some auspicious celebrations. It's a good time for marriage and to let romance into your life. You will develop new associations which will prove helpful.
